MOVIES—I'm against all plugs that are just for plug's sake and I think my customers resent anything that sounds too boosterish—so maybe it's because I just came away from The Plaza theater. But I feel like I'd be gyping you if I didn't tell you to be sure to see "Going My Way" tonight, tomorrow or Sunday night at The Plaza. . . . Besides, there's that "Desert Playground" picture, all about Palm Springs. A lot of people got a kick out of seeing Miki Wilki (Mrs. Joe Felix ordinarily) doing her dance. . . . "Desert Playground" is the film Warner Brothers gave to the Chamber of Commerce. It's a chance to see yourself as others see you. . . . It's especially timely right now with Western Week coming up.

POLITICS—Last Saturday, in response to a telegram, from Norm Chandler, one of scores of identical messages sent newspapermen all over southern California, went to the Biltmore in Los Angeles to a Dewey conference. . . . If you think you're eyes don't smart in downtown Los Angeles, you aren't smart anywhere. . . . Anyway, I put across a little mountain to Mohafiet stuff. Secretary Kofeldt of the Chamber had the bright idea of asking Dewey to spend the weekend in Palm Springs to relax but the candidate's schedule was too tight, he couldn't make it. So, since Dewey couldn't come to the desert sun, The Desert Sun went to Dewey. I took a copy in with me.

THANKSGIVING—When's Thanksgiving Day? When FDR monkeyed with the calendar a few years ago and shoved Turkey day ahead a week, wrecking a lot of people's plans and football Big Game schedules, there was so much turmoil that Congress fixed Thanksgiving on the Fourth Thursday of November. There are five Thursdays in November this year and most calendars have the last one—the 30th—in red, indicating the holiday. If you're planning to have Turkey on Nov. 30, you may be eating hamburger on the legal holiday by mistake. . . . Oh, well, both are good.

THIS AND THAT—A well known Villager said to me this week: "You have such a care-free look I didn't know you were married until I read a column by your wife." So I asked him if he'd never heard me bragging about my sons. He said he had, then: "Gosh, I apologize!" . . . Next week is newspaper week. That's the week the hard-working (don't laugh) boys who take notes but can't read them and have to rely on their memory, get praise instead of squawks from people whose initials were in the paper wrong. . . . The week after next is Fire Prevention week. It's in the right order. Newspapers are doing a fine job in keeping the nation from going to where Fire Prevention would be most desirable.

THE VILLAGE—They've had about everything happen at the police station now. Last Monday morning they had a wedding. Seems a soldier and his intended bride had been dodging their well-meaning but too exuberant friends, intent on a noisy wedding all evening and finally took refuge in the police station where an army chaplain was called and performed the ceremony. . . . V-Day may not mean anything special to school kids. A move is on throughout the state to have the schools continue their regular schedule the day Germany gives up. . . . Hope there's still some Bull Durham on sale so can tell the tag hang out of my pocket during Western Week. . . . The way cigarettes are getting scarcer day by day, the Bull Durham may have to be useful as well as ornamental.

MUSIC—"I'll Walk Alone" was still No. 1 last week and "It Could Happen to You" had moved up. Mrs. G. warns me, however, not to go overboard on the last named. "It hasn't got the war-time separation appeal that 'I'll Be Seeing You' and 'I'll Walk Alone' have," she said. "Women like those two because so many of them are saying and doing just that." Well, maybe. . . . That "Is You or Is You Ain't" thing is still high but can't see why. And I hope I'll never have to listen to tears flowing like wine in No. 1 spot. . . . There are two kids at high school I like. One listed her favorite song as "I'll Walk Alone" and another, his as "My Winking Horse Won't Away."

Villagers Keep 7 Trucks Busy on Clean-Up Day

THEY DID IT—Here's part of the big group that took Palm Springs to the cleaners last Sunday. They kept seven trucks busy hauling away rubbish and brought about a vast improvement in the appearance of the city. Frank Britton, superintendent of the city waste disposal department, in charge of the program, said there was still work to do, however.

Clean-Up Day Rids City of Much Rubbish

Patriotic Palm Springs citizens turned out last Sunday morning and made an appreciable dent in unsightly rubbish piles on streets and vacant lots.

Under the supervision of Frank Britton, superintendent of the Waste Disposal department, they sent 37 loads of rubbish and trash out to the city dump during the day.

SEVEN TRUCKS USED

Seven trucks were kept busy hauling away the trash.

City Manager Ray Sorum had for some time been seeking a way to rid the city of the accumulated rubbish but was stymied by a lack of man-power. Then Britton got the idea of a volunteer clean-up and communicated his plan to President Herschel Moseley of the Los Compadres club. The Los Compadres club, which has often staged dawn to dusk clean-ups to keep desert trails clean sponsored the plan and enlisted the aid of other civic minded organizations.

MORE TO BE DONE

The result was highly successful but there is still work to do. City Manager Sorum issued the warning this week that the city law which prohibits dumping of rubbish on public or private property will be strictly enforced hereafter.

Among those who turned out to help in the drive were George Leaper, Ben Barnes, Homer Wise, Jack Marcy, Henry Levin, Joe Allard, Elmo Purnell, Phil Delano, Gordon Feekings, Ted Reed, Frank Bonner, Bill Veith, Joe Sandeffer, Hutch Moseley, Carl Watkins, Kenny Paul, Joe Butler, Lt. James Jerning, Frank Britton, Cuco Salazar, Booker J. Washington, Antonio Goding, Phil Goding, George Valasska.

Republican Committee Organized

Palm Springs Republicans were organizing this week to put the Village in the Tom Dewey column next Nov. 7 by an emphatic margin. Formation of the Palm Springs district Republican committee was the first step with Arthur E. Bailey, prominent in G.O.P. affairs for many years, as chairman. Mr. Bailey was placed in charge by Don Adams, county Republican chairman.

Mr. Adams was in Palm Springs yesterday to confer with Mr. Bailey on organization plans.

OPEN HEADQUARTERS

Headquarters for the committee will be opened at once in the show room at 193 North Palm Canyon drive, opposite Lykken's store.

Sells Beer to Minors; Now in Jail

Billy Joe Mullenix, 22, a recent arrival from Texas, was winding up the first week of a three-month county jail sentence today, imposed by Judge Guy Pinney after conviction on a charge of furnishing alcoholic beverages to minors.

Mullenix was arrested at 3:30 p. m. last Saturday afternoon by Chief of Police Lyle J. Sanard. The chief, passing the intersection of Ramon and Indian avenue, noted a boy, apparently a minor, drinking beer from a bottle. He stopped to question the lad and found that he was only 14 years old, although at first he claimed to be 16. Three other minor school boys were in the group.

They admitted Mullenix, a laborer, who was with them, had supplied the beer.

\$1500 Loss in Cafe Fire

Flames, which apparently started from a cigaret left in an ash tray near the telephone at Don Carlos Foster's cafe on South Indian avenue did damage estimated at \$1500 last Saturday night before being subdued by the fire department.

The blaze was reported at 6:35 p. m. Someone using the telephone in the rear of the new addition to the cafe, the dance floor, apparently left a cigaret going in an ash tray. It fell off, setting fire to the table, then to drapes. The flames spread through the walls and ceiling to the roof. As the dance floor was not in use at that time of the evening, the fire gained great headway before being discovered.

Fire Chief Bill Leonosio estimated the blaze had a two-hour start as the last telephone call made from the room was at 4:30 p. m.

Work Begins This Week on Changes At New P. O. Site

Work was started this week at the new site of the postoffice in the Plaza at Indian avenue, remodeling the building to meet the needs of local mail service.

Postmaster R. M. Gorham said that the aim of the postoffice department is the greatest convenience of its patrons. More space for workers and for the public than in the present site, will be provided. There will be additional windows and additional lobby space in front and additional working room behind the partitions.

The J. and B. Construction company is doing the work and the plans were prepared by Harry Williams, architect. Cost of the project was listed on the building permit as \$700.

The postoffice will move into its new quarters during October.

Dates for New License Office Fixed by State

Dates for regular twice-a-month Drivers' License tests to be held here throughout the season were announced this week by the department of motor vehicles. The expansion of this service to Villagers from two days every two months to two days every month was announced last week by Assemblyman Nelson Dilworth.

Gordon H. Garland, director of the department, announced that examiners would be here the second and fourth Wednesday of each month from October 25 to June 1.

A. L. Bowers of Riverside will be the examiner on duty here and he will make his headquarters at the Chamber of Commerce, 310 North Palm Canyon drive, on the announced dates. Office hours will be from 10 a. m. to 1 p. m. and from 2 p. m. to 4:45 p. m.

"We are glad to extend this service to motorists in this territory," said Director Garland. "We are doing all we can to aid motorists conserve gasoline and tires by reducing the driving they have to do to get to our offices. This service at Palm Springs should help many in this area."

Village Stickers Now Available At Office of C. of C.

The Chamber of Commerce has just received a supply of new window stickers containing an attractive trade-mark for the Village and the words MEMBER PALM SPRINGS CHAMBER OF COMMERCE. The stickers are on white in blue and orange ink. Members desiring to display these stickers may obtain them at the Chamber.

A supply of windshield and luggage stickers is also available for Villagers and visitors at the Chamber.

American Legion Dugout Will Move Tomorrow to New Post Headquarters

The American Legion Dugout tomorrow will quit its premises in The Plaza where it has provided entertainment and food for thousands of servicemen during its term there and will move into larger headquarters in the new home of the American Legion on the Desert Inn grounds.

Through the generosity of Mrs. Nellie N. Coffman and her sons, Earl Coffman and George Robertson, managers of the Desert Inn, the Owen B. Coffman Post of the American Legion has acquired commodious headquarters on the southeast corner of the hotel grounds, occupying the north half of the building the hotel management some time ago gave the Palm Springs Red Cross branch for use as its headquarters.

Plans For Western Week Take Shape

Dean Takes War Chest Leadership

Organization Work Begun For Local Campaign

William Dean, prominent winter resident here, former head of the USO committee and long active in civic affairs in Palm Springs, will be chairman of the War Chest drive here this fall, it was announced today.

He succeeds Tom Holland, chairman last year and chairman of the last two highly successful War Loan drives. Mr. Holland, who purchased Lykken's department store this year, and is also an active member of the ration board, finds the pressure of other matters too great and regretfully resigned as War Chest head this week.

Mr. Dean expects to be in the Village tomorrow and plans to start operations on the Chest at once. Carl G. Lykken has been named chief aide to Mr. Dean for the second Chest drive and is already at work on organization plans.

The same headquarters have been acquired by the Chest committee at 311 South Palm Canyon drive, opposite the Del Tahquitz hotel and will be opened soon.

Quotas and dates for the drive will be announced later.

Butter Going Up To 20 Points Per Pound October 1

Watch those red points. It's going to take 20 of them for a pound of butter at 12:01 a. m. on October 1.

Other point values on rationed food items remained unchanged, the Palm Springs ration board announced today.

Proclamation

WHEREAS, the foundations of Palm Springs rest in the colorful traditions of the Old West, and the Village gained much of its early fame because of its distinctive atmosphere; and

WHEREAS, because of the turmoil of the past few years there is danger of losing this charm and because Palm Springs was never meant to be an ordinary town;

NOW THEREFORE, I, Eugene E. Theriault, Mayor of Palm Springs, do proclaim the week of October 8 to 15 as Western Week in Palm Springs; and earnestly ask all Villagers to partake of the spirit of that week by donning the colorful western attire of the old days of the Village; and to lend their heartiest support to the big parade and gymkhana on the final day of that week: Sunday, October 15.

IN WITNESS Whereof, I have hereunder set my hand and affixed the seal of the City of Palm Springs on this 28th day of September, 1944.

Indian Band Obtained for Big Parade

Tentative Line-Up For October 15
Drawn by Committee

Plans for Western Week which will start a week from Sunday and which will be climaxed by a great parade on Oct. 15, took on definite shape this week with enthusiasm shown on every hand.

A meeting last Monday night at the Chamber of Commerce heard gratifying reports of progress and enthusiasm and a tentative line-up for the Oct. 15 parade was drawn. The parade will be followed by a Gymkhana at the Field Club.

ISSUES PROCLAMATION

Mayor Eugene E. Theriault yesterday issued a proclamation declaring the week from Oct. 8 to 15 as Western Week. The mayor called attention to the important part the western tradition has played in the development of Palm Springs and in giving it its distinctive atmosphere which has made it the foremost desert resort.

He called attention to the turmoil of the past few years there was danger that this distinction which sets Palm Springs apart, may be lost and difficult to regain.

INDIAN BAND COMING

Villagers were asked to enter thoroughly into the spirit of the week and don the colorful western attire that week.

New developments during the week were the promise of Donald Biery, superintendent of Sherman Institute at Riverside that the famous Indian band of the school would be in line in the parade. The 21st Ferrying Group band, which has always co-operated to the fullest extent in civic affairs, pledged its support early. Lt. Col. Frederick Forster, new commanding officer at the air base, made cooperation with the Village by permitting the band to enter the parade, one of his first official acts. Chief Warrant Officer Lowell K. Weeks is director of the band.

EXPLAINS EVENT

President Herschel Moseley of the Los Compadres club, one of the first groups to back the idea of Western Week, said that the event was not to be confused with the Desert Circus of prewar days but was a move to keep alive the western spirit and tradition here and keep Palm Springs' "different atmosphere and charm."

Enrollment Still Mounting At Local School Buildings

Enrollment in local schools continued to grow during the week with a total of 665 now attending schools of the Desert District and Palm Springs high school.

Enrollment at the high school as of Wednesday was 188, well above last year's figure at the end of the second week.

At the Desert District schools, 477 were enrolled Tuesday night. Last year on a comparable date, 451 were enrolled. Enrollment by schools, as announced by Miss Katherine Finchy, district superintendent, was Frances S. Stevens school, 260; Nellie N. Coffman school, 113; Cahulla school, 76; Cathedral City, 28.

Important Matters Before Councilmen

Many important matters are on the agenda for city council at its meeting next Wednesday evening and a busy session is anticipated.

Villagers Make Sure of Ballot

When the deadline for registration fell at midnight last night, most Villagers were eligible to vote.

Spurred by a proclamation by Mayor E. E. Theriault setting aside last week as Registration Week, many Villagers made sure they will be able to vote on Nov. 7.

The first four days of this week saw an even bigger rush to get on the books, City Clerk Louise McCarn, deputy registrar, and her two aides, Mrs. Bertha Carter and Marylou Kingsbury, at the city hall, said.

Figures on the Palm Springs registration will be available from County Clerk G. A. Pequegnat's office within a few days.

Woman, Arrested Here, Changes Plea Asks Probation

Mrs. Ruth Mae Lancaster of Pasadena, accused of taking money and ration stamps from a Palm Springs cafe operator, appeared in superior court at Riverside Wednesday and withdrew her plea of not guilty. Before Judge O. K. Morton, she entered a plea of guilty and asked probation. The charge against her is grand theft.

She was ordered to appear again Oct. 26 when the report on her probation plea will be filed and sentence fixed. Her bail of \$1000 was ordered continued.

Paul E. Campbell, well known Village electrician, has returned to the Village from Lake Arrowhead where he spent the summer and has re-opened his business establishment at 246 South Indian avenue.

The Bay of Monterey, California, was discovered by Cabrillo in 1542.

For PEACE**on the
HOME
FRONT****VOTE NO! on proposition No. 12**

Governor Earl Warren, the State Chamber of Commerce, civic leaders and a score of employer, employee, civic, veteran and church groups have come forward to oppose No. 12 on the ballot in the election, November 7th. These leaders look upon No. 12 as a threat to industrial peace in California and as a dangerous attack on our united efforts to win the war.

If written into the constitution, this committee is convinced that this proposal entitled "The Right of Employment" would prove a powder keg. It would bring chaos, confusion, and industrial warfare. It would destroy peace on the home front.

Ostensibly designed to crush trade unions, No. 12 goes far afield. It threatens the present good will existing between labor and industry. It comes as an un-American attack on war production. California has plenty of wartime and post war problems. Why start a civil war on the home front?

**Desert Hand Laundry, One of Pioneer
Business Establishments Here, Sold
By Mrs. Curry to Arthur E. Bailey**

Announcement was made this week of the purchase of the Desert Hand Laundry, 383 North Indian avenue, by Arthur E. Bailey, well known Villager, from Mrs. Bessie Curry who has operated it for the past ten years.

Louis J. Anderson, who with his wife, Margaret, established the Palm Springs Bowl, roller rink, on the Field Club grounds some years ago, will be manager of the Desert Hand Laundry. It is the policy of the new management to continue in the same manner as in the past and Jack son Ingram, Mrs. Curry's son-in-law, will remain as plant superintendent and the same staff will return.

The main change in policy will be the addition of a dry cleaning department and it is the aim of the new management to put this on a five-day basis.

Mrs. Curry, who purchased the Desert Hand Laundry in 1934, plans to take a much-needed rest but will remain in the Village. The Desert Hand Laundry is one of the oldest established businesses here, having been founded approximately 25 years ago.

Mr. Anderson, who was recently placed on the inactive list by the United States army, formerly operated financial businesses in San Francisco and St. Louis.

**Mrs. Behneman And
Daughter Return**

Mrs. H. M. F. Behneman and daughter Sally, arrived in Palm Springs last week after a summer spent at the Hidden Hills ranch near Healdsburg, northern California, and Miss Sally started in the local schools.

Bill Silversmith and Camille Beck of San Francisco, have purchased the lounge and cafe at 394 North Palm Canyon drive known as Barney's, from Barney Ostrow and have renamed it the Rendezvous. They plan a formal opening on October 7 and in the meantime are inaugurating many changes.

Both Mr. Silversmith and Mr. Beck have been in business in San Francisco for the past 20 years. On a recent visit to the Village they purchased lots here and on this trip bought a business.

The new management plans to place the accent on a dining room atmosphere at the Rendezvous and plan the best in food and entertainment.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
(Pfc. Ted W. Engstrom)

CIVILIAN CLUB HOUSE OPENS

Torney General Hospital's own Civilian Club House, former home of the NCO Club, was officially turned over to TGH Employees on last Monday. Temporary officers elected were Hazel Henderson, Chairman; Edwina Partridge, Treasurer; and Jean Bybee, Secretary. Lt. Helen C. Bowen will serve as Club Coordinator. Election of permanent officers by all members will be held next Monday noon at the Club House.

Plans are underway to redecorate the Club and many of the civilian employees have offered their services in helping to make curtains and do interior decorating work. With the assistance of Col. A. B. Jones and Lt. Col. E. T. Thompson, attractive, comfortable furniture has been secured for the new club home.

Purposes of the Club are to unite the employees of TGH in closer fellowship; to strengthen the bond of Torney civilian-military relationship; to provide for exchange of ideas and information of interest in the general welfare of all employees at Torney; with the approval of the Commanding Officer to undertake and support constructive activities such as social and recreational programs, War Bond drives, Red Cross and other patriotic organizations, and welfare activities of interest to the employees of Torney as a whole.

The club may be used by all civilian employees during lunch hours, rest periods, after working hours and on weekends. Formal opening date will be announced in the near future.

ORIENTATION CENTER

TGH's Orientation Center is rapidly becoming one of the best and most completely equipped of any Army General Hospital in the country. The center, located in Building 75 just east of the Post Exchange, is open to all military and civilian, duty and patient personnel. Here posted on the walls are fifteen different maps covering all phases of the war and charting the progress of the Allied armies and navies on all fronts. The war developments are noted each day on these maps by means of flags, ships, miniature tanks, planes, bombs, etc.

SHOW WAR'S PROGRESS

In addition to the graphic display of maps, the Center houses magazine racks filled with current publications dealing with the progress of the war, newspapers from various cities from New York to San Francisco, a large world globe, topographical layouts, and literature concerning all of our allies and enemies, with much material available analyzing the German and Japanese soldier and their ideologies of life.

For those who are interested in listening to short wave broadcasts, a Halli-Crafter short wave receiving set, one of the finest on the market, has been made available through a gift to the Reconditioning Program by the Citizens' Committee of Los Angeles. Broadcasts may be heard from all parts of the globe—Italy, France, Germany, China, Japan, South America, etc.

SITE OF CLASSES

War orientation classes are conducted in this building by members of the Reconditioning staff.

In addition to the Center in Building 75, a special British Display, composed of maps and charts provided by the War Department, has been arranged by the Information and Education Branch and may be viewed in the Orientation Class Room in the Receiving and Disposition building.

AMONG THE BEST

With more and more wounded and ill veterans being returned from combat to hospitals in this country, Physical Reconditioning is playing a major role in the set-up of Army General Hospitals. Effective reconditioning programs are being advocated by the Surgeon General's office in Washington and a major emphasis is being placed upon the rebuilding of a hospitalized soldier's body just as soon as his recovery begins.

A special representative from the Army Medical Department in Washington, Major William Briscoe, was a recent guest of the reconditioning program at this hospital. He remarked that the program at Torney was outstanding.

ing in the Ninth Service Command.

FROM SPECIAL SCHOOLS

Torney's Physical Reconditioning program is headed by Lt. Col. Phillip P. Davis, Director of the entire Reconditioning Division, assisted by Lt. John Sutton, Chief Reconditioning Officer. Six trained enlisted men serve as physical instructors and work individually with the patients in following the prescriptions of the Ward Officers. Five of these six men have attended special physical training schools at either Camp Grant, Ill., or Ft. Lewis, Washington. The exercises and calisthenics given are graded according to the physical needs of the patients. Those patients who are not as yet ambulatory are given fifteen minutes of bed calisthenics twice each day, while those who are able to be up and about are given 30 minutes of calisthenics each morning in the gymnasium and for one or two hours are led in organized hydrotherapy exercises and recreational swimming in Torney's beautiful pool.

OUTDOOR PROGRAM

With the coming of cooler weather, Col. Davis states that an enlarged outdoor reconditioning program is being planned, employing the use of the well equipped outdoor gymnasium, the athletic field, organized games and the taking of hikes. Full use will be made of the badminton courts, ping pong tables, outdoor

basketball court, horseshoe pits, boxing ring, bell and bar weights, punching bags and other athletic equipment available to all patient personnel.

FIRST SAIPAN CASUALTY

Torney's first casualty from the bloody battle of Saipan, Pfc. George P. Pfender, arrived here this week for medical treatment and hospitalization. He was with the first wave of infantry men who followed the Marines on the island on June 17 and was severely injured in the neck by a fragment from an exploding Jap shell four days later. He was first hospitalized on Oahu in the Hawaiian Islands and from there brought back to the States. Pfc. Pfender, whose home is in San Francisco, had been in the South Pacific for 21 months.

CHANCE TO STUDY

Torney's Information and Education Branch, working in behalf of the United States Armed Forces Institute, is contacting each new patient upon arrival at this installation to provide facilities for study to earn high school or college credits or to provide courses of non-credit study to occupy their minds during convalescence. Texts for practically any course in which the patient might be interested are supplied and a systematic course of study with the assistance of staff members is provided.

In addition, literature of general interest and War Department Educational Manuals are systematically distributed to each patient as they are received by the Department.

New Home Owners Arrive In Village

Mr. and Mrs. J. J. Bernard of San Francisco, who last spring purchased the John Evans place at 1259 Camino de Primrose, arrived here last week to move into their new home. They spent the summer months at Big Bear Lake.

The deal was negotiated by the John W. Williams real estate office.

Veteran of 57 Missions And 200 Combat Hours Over Europe, Here Visiting Wife On 21-Day Furlough

Back from 57 missions over European targets with more than 200 combat hours to his credit, First Lieut. Louis A. Stiliha is enjoying the peace and quiet of a furlough in Palm Springs with his wife, Mrs. Margaret A. Stiliha, at 1492 North Palm Canyon drive.

Both Lt. Stiliha and his wife are residents of Hemet but soon after he went overseas, she moved to the local address.

COMES TO VILLAGE

Lt. Stiliha reached the United States a week ago Sunday and a few days later, was in Palm Springs. He will be here until the middle of October when he will go to the Santa Monica reconditioning base for new assignment.

Among the first draftees, he went into the infantry in 1941 but soon afterwards was transferred to the air force, receiving pre-flight training at Santa Ana, bombardier training at Albuquerque and navigation training at Carlsbad, N. M.

He served as a bombardier-navigator on B-26s and A-20s in the raids on Germany and German-held territory.

OVER OPTIMISTIC HERE

Lt. Stiliha said that he was not allowed to make any predictions on when the fighting will end in Europe but he did believe that the people at home were over-optimistic.

He thought it was a question of the morale of the Germans. They are in for a greater air pounding than ever, he said. When they held the lowlands and France, the allied air forces had to divide their attacks over a wide area. Now they will be able to concentrate on Germany proper.

D-DAY THRILL

Lt. Stiliha said the biggest thrill was D-Day. When they headed across the Channel to bomb German installations, the

sight of that great fleet below brought forth spontaneous cheers from the bomber and fighter crews above. He said that in the weeks preceding D-Day, the allied air force had blasted every important railroad yard and junction in the Nazi's marvelous transportation system and had blasted away every bridge across the Seine from the coast to Paris. The Germans were pinned down. He also told of the devastating bombing of Nazi Panzer concentrations to let the allied ground forces break through.

Lt. Stiliha was a guest at the Masonic luncheon Tuesday and will be a guest of Rotarians next Wednesday and Lions Thursday.

The Free Press—Torch Of World Peace

"The Free Press—Torch of World Peace" is the slogan for Newspaper Week, which is this week being observed by newspapers all over the United States after proclamations so designing it had been issued by President Roosevelt and Governor Earl Warren, as well as the governors of the other states of the Union.

A free press is the great bulwark of freedom, but do you know how this greatest guarantee against dictatorship is maintained? It is through advertising, and in the case of smaller newspapers, commercial printing, as well. Subscriptions are very important, perhaps the most important of all, because without them the publisher could not give the advertiser value received for his advertising and eventually there would be no advertising; however, subscriptions scarcely pay for the white paper which goes into the newspaper.

A newspaper is more than just another business establishment. It performs a service to its community that can be given by no other means. Not only is it the instrument through which persons living at great distances judge the community and a permanent record of the daily happenings within the town; but is one of the biggest factors in the success of War Bond sales, War Chest donations, recruiting, etc. And has been so recognized by the government which has put newspapers among the few essential industries.

Artist Visualizes Big, New City for Desert Near Here

A new city on the desert between Palm Springs and Banning, where big hospitals will rise and where the poor can come, establish homes and support themselves is visualized by John Clifford Cowles, artist and novelist, who has made his home in Banning for a number of years because of the inspiration for painting and writing which he finds in the desert region.

Mr. Cowles is now working on a painting which he has named "A Moonlight View of the Angel Raphael", which he said is translated from the really astonishing natural formations of white rock on earth embedded in the north side of the snow-clad Mt. San Jacinto ten miles north of here.

"This is a creation the hand of man never touched," he said. "It is of heroic size giving in miraculous proportions a view of an angel with outstretched wings and flowing white draperies. It has probably been there unaffected by the elements since centuries before Christ. I named it from the Angel Raphael from the book of Tobit in the Apocrypha which gives an account of the healings of the real Raphael several centuries before Christ.

"This area is one of the most perfect locations for great hospitals and health resorts, situated as it is, rising from a virgin waste of almost untouched desert wilderness of thousands of acres," the artist declared. "The possibilities are wonderful if water can be harnessed there in volume. There thousands of penniless families can be made independently self-supporting raising alfalfa, grains, cattle, goats, fowls, turkeys, vegetables and planting orchards."

Dunes Cafe Will Inaugurate New Policy Next Week

A new policy will be inaugurated at The Dunes cafe next week when Ruby and Connie Barleau, operators and managers, start a program of daily lunches from 11:30 a. m. to 2 p. m., and will be open every day of the week.

The lunches will be served each day but Sundays, both in the dining room and in the patio.

Ruby announced this week that John Knechtle, formerly of the National Hotel at Lucerne, Switzerland, and with the Hudson Bay company's hotels in Canada, and who has earned international fame, had been engaged as chef at The Dunes.

The new program at The Dunes will go into effect October 2.

Winifred Parsons Is Back In Village

Having closed more than \$100,000 in real estate deals in the past two weeks, she is anticipating an extremely busy season.

Mrs. Mary P. Davidson, wife of Maj. Gen. Howard Davidson and Jefferson Patterson of the United States diplomatic forces, daughter and son of the late Mrs. Julia Carnell, will receive Sunday afternoon, Oct. 8, from 3 to 6 p. m. at the home of Mr. and Mrs. Robert Ransom, Belardo road.

\$18,000 Asked From Film Company For Fire Destroying Willis Palms

An \$18,000 suit for trespass and damage against Universal Pictures, Inc., of Hollywood, has been filed in the office of County Clerk Gordon A. Pequegnat by Carl G. Barkow, publisher, John G. Munholland and Realty Service, a corporation all of Palm Springs, and R. G. Rabbeth of Redlands.

The suit is the outgrowth of a fire at Willis Palms, well known grove of palms north of Oasis, across the valley from here in the fall of 1943 which destroyed many of the beautiful grove of 300 palms and damaged the others.

FIRE FIRST NEWS

The palms were destroyed by Universal while filming "The Imposter". The first the owners of the property knew the film company was using the grove was when it was learned in Palm Springs that it had been destroyed by fire.

The complaint states that, before the fire, there were 300 large and mature palm trees growing and standing with green and heavy foliage upon the property; that by reason of the size, heavy foliage and beauty of said palms and by reason of their location in the midst of an otherwise desert area, the property was particularly suitable and valuable as a site or location of a hotel, resort or dude ranch; that the fair and reasonable market value of the property prior to the fire was \$16,000. That the fire has decreased the value of the property to \$1000 or less and for this reason plaintiffs have been damaged in the sum of \$15,000.

RENTAL ASKED

A rental of \$100 a day is demanded of the company for the use of the property in filming "The Imposter", for approximately 30 days previous to the fire.

The suit was filed by J. E. Munholland, prominent Long Beach attorney.

Noon Bus to Leave Half Hour Earlier Starting Sunday

R. R. Dunlap of the Pacific Greyhound lines today said that on October 1 a change in schedule affecting one west bound run would be made. The bus now leaving here at 12:48 p. m. will leave a half hour earlier, at 12:18 p. m.

He also said that the plan to provide additional service for the city by inaugurating a Los Angeles-Palm Springs run was now in the San Francisco office for study and approval.

Tentative plans call for the Palm Springs bus to depart from Los Angeles at noon, arriving here shortly after 4 p. m. The return trip would be made as a second section of the present 5:48 run to Los Angeles.

Mr. Dunlap, because there now is no bus leaving Los Angeles in the morning, has suggested that the Palm Springs bus leave Los Angeles at 8 a. m., arriving here

Cathedral City

By W. R. HILLERY

With residents coming back and the active period at hand, we have not given our local school the space it deserves for we have an excellent school both personnel and plant.

Mrs. Lily Apsan Cable is again teacher - principal, assisted by Miss Mildred Adams who taught last year in the Cathedral City school.

The enrollment this week is 29 and compares nicely with the attendance last year.

In addition to Miss Rye in music, Miss Franklin, art, and Miss Khury, nurse, this year Mrs. Smith teaching instrumental music is added to the faculty that divides their teaching between the Palm Springs schools and our Cathedral City school.

Furnishing milk to all the pupils was inaugurated here last year and is being supplied again. Trees and shrubs have been added to beautify the grounds and a Jungle Gym, a new piece of apparatus for play, has been added. Mr. Clendenning is custodian this season and has everything running smoothly.

Our congratulations are offered the Desert School District.

Librarian Marie Ide has among books and magazines of interest to our community the October

issue of National Geographic Magazine which carries Willard Price's "Springboard to Tokyo" with 16 illustrations. It is a very interesting article and is honored by first place in the magazine.

Mrs. Katherine Bates, sister of Mrs. Robert V. Hine, is occupying the Hine desert home together with young Dick Hine who is attending Palm Springs high school.

Evan Tarr, operator of the local service station, was here this week but will not get on the job until about the 10th of October. Mr. George Gibson has kept the station open all summer and will assist Mr. Tarr.

Bill and Mrs. Sanders and little daughter are back for the winter. Bill's summer was saddened by the loss of his father at San Francisco.

Christine Lillian came down from Idyllwild.

John Nachant has reopened his court.

Mrs. Edith George, formerly Edith Cruncleton, together with her children, are occupying their home while her husband is overseas.

Mr. and Mrs. Cantrell and children are again operating their Cantrell Court.

Agnes Pelton, our eminent artist, returned from the mountains bringing some beautiful canvases that indicate the summer days were work days.

John O. Clark came home to the desert so much improved that he just can't get any sympathy, not that he asks for any.

Fred Springer following the sad mission of attending the last rites of his wife, is again in our village among his many good and sympathetic friends.

We reported the sale last spring of a half block of land in Cathedral City to Mr. and Mrs. William E. Harvey of Los Angeles and now we have just learned that Mr. and Mrs. Howard Headley have purchased most of the improvements of the Desert View Court from Mr. and Mrs. William Chance. We are glad to welcome the Headleys to our village and also the Chances are remaining with us.

Now here is the end piece of this column. Mr. and Mrs. George Mandeville, who came here last season taking a five-year lease on Wheeler's Totem Pole Cafe which they operate, this week indicated faith in the future of our community by purchasing the court of Mr. and Mrs. Ernest Dorn. The court is directly across the highway from the cafe and both are the first structures as you enter the arch from Palm Springs.

We are sorry to lose the Dorns who have long been active in the community. We congratulate the Mandevilles and wish them all success.

'Divine Judgment' to Be Subject At Episcopal Church

"Divine Judgment, a Neglected Article of Christian Faith" will be the topic discussed by the Rev. Robert M. Hogarth, vicar of St. Paul's in the Desert, Episcopal church, next Sunday morning at the 11 o'clock service. The services at both 8 and 11 a. m. will be Holy Communion. A record enrollment greeted the opening of Sunday School sessions at St. Paul's last Sunday. There were more than twice as many registered as on the opening day a year ago. Older children who wish to sing in the Sunday School choir were urged by Rev. Hogarth to come a half hour earlier, at 9:15 a. m., for rehearsals.

CHRISTIAN SCIENCE CHURCHES
"The things which are seen are temporal; but the things which are not seen are eternal." Paul's words to the Corinthians will be the Golden Text in the Sunday Lesson-Sermon on "Unreality" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

In a Bible selection the prophet Isaiah implores, "Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come, buy wine and milk without money and without price. Wherefore do ye spend money for that which is not bread? and your labour for that which satisfieth not? hearken diligently unto me, and eat ye that which is good, and let your soul delight itself in fatness. . . . For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

"God's thoughts are perfect and eternal, are substance and Life," writes Mary Baker Eddy in "Science and Health with Key to the Scriptures." She also says, "The temporal and material are not then creations of Spirit. They are but counterfeit of the spiritual and eternal." "The temporal and unreal never touch the eternal and real."

Purchases Home
In Palm Springs

Mr. and Mrs. Joe Felix have sold the handsome home at the corner of Santa Clara and Indian avenue, the former Claire Windsor home, to Mrs. Virginia Hiers, well known winter resident of the Village who plans to spend even more time here than before.

Mrs. Hiers already owns one home here which she is leasing. She plans to make her own home in the newly purchased residence. The property will be enclosed in a wall and a large swimming pool built. She also plans the addition of a large fireplace.

The sale was made by Milton Mack who recently opened an office with Ernest Grill, well known local realtor, at 344 North Palm Canyon drive.

Employment Office
to Re-Open Oct. 2

Jane D. Brown, of the Palm Springs Employment office will return to the Village this week-end and plans to re-open her office on Andreas road next Monday.

She spent the summer months in northern California until the final week which has been spent at Santa Barbara.

Palm Springs Girl Scout Council
Seeks Adult Leaders to Take Care
of Great Increase In Membership

Palm Springs Girl Scout Council this week reported that more girls than ever before want to have the fun and citizenship training of Scouting. "But they lack leaders and troop committee members. Here is a real opportunity for the woman who wants to do volunteer work that is important," a leader of the council said.

More than twenty adult leaders are needed this year to carry on the greatly expanded Girl Scout program in Palm Springs. Girl Scout National membership has been boosted 671,000 at the time of Pearl Harbor to more than a million today. Interest in Scouting in Palm Springs has brought local membership in the organization to 62 members, with long waiting lists for practically every one of our three troops. More women are needed to help the girls continue their Scout training.

WANT 25 LEADERS

During the next two weeks, special effort will be made to enroll at least twenty five women as leaders, assistant leaders and troop committee members. All women who are interested in learning more about opportunities for service in Girl Scouting are asked to communicate with Mrs. John A. Hookey, local commissioner, phone 3432, or Miss Katherine Finche, Desert School superintendent, phone 2232.

"The Girl Scout organization is prepared and eager to give leaders the training they need. So, if you are over 21, and interested, sign up immediately. On October 6, Miss Katherine Adams, National Field Adviser, will be in Palm Springs to hold an all day training institute," said Mrs. Hookey.

HOW ABOUT IT?

"The leadership job usually requires from three to five hours a week. If you do not feel that leading a troop is your job, perhaps you would like to serve on a troop committee, and just lend the leader a helping hand when she needs it; help her to get some special equipment or supplies for the troop; help her plan the program. Or, if you have a special skill or professional knowledge in some field, you could serve as a program consultant or adviser.

"The Girl Scouts would like to see every girl in Palm Springs who wants to be a Girl Scout, have the opportunity to be one. It would take twenty five women to do it. How about it?"

Village Will Get
Nation-Wide Plug
In Big Magazine

Palm Springs will gain much publicity throughout the nation in November. The November issue of National Motorist will feature the Village in type and photographs and Secretary Walter Kofeldt of the Chamber of Commerce, has been informed by D. L. Smith, editor of the magazine, that besides the cover, there will be nine pictures of Palm Springs illustrating the article.

The plates of the pictures will be presented to the Chamber after the magazine is through with them. The National Motorist circulates among 60,000 American travel enthusiasts, many of whom, no doubt, will be influenced to make this a port of call when touring conditions brighten.

Three More Trips
Now Operated By
Village Bus Line

The Citizen's Bus line, operated by Tanner Motor Livery along Palm Canyon drive between the north and south ends of town, this week added three round trips to its winter schedule.

The first bus now leaves the northern terminal at 7 a. m. instead of 8 a. m., and completes the last round trip at 8 p. m. instead of at 6 p. m.

SERVICES ASKED

The extra services was added by Cecil Isenagle, manager, at the request of patrons who wanted to get into town earlier or stay later.

The first bus now leaves Andreas road and Palm Canyon drive south-bound at 7:15 a. m. instead of 8:15 a. m., and the last bus north-bound leaves at 7:45 p. m. instead of at 5:45 p. m. as before.

ZONE EXTENDED

During the summer months when the demand was light, service started at 10 a. m.

Because of the extended bus schedule, the bus stop zone at the southeast corner of Andreas and Palm Canyon drive has been changed into a 24-hour zone instead of a 12-hour zone.

Mrs. Moore Here
To Visit Parents
For a Few Weeks

Mrs. Barbara Moore and her small daughters, Janna and Joe Anne, are guests at the home of Mr. and Mrs. O. S. McKinney, Mrs. Moore's parents. Mrs. Moore's husband, Ensign Bob Moore, is now in Minneapolis, Minn. While he was stationed in Florida, Mrs. Moore and children were with him and they joined him later at Hutchinson, Kansas, when he was transferred there.

When he received orders last week to report in Minneapolis, Mrs. Moore decided it was a good time to visit relatives here until he found a new home for them in the Minnesota city.

Mrs. Moore was born in Palm Springs and as Barbara McKinney, went through the local schools, later attending Pasadena Junior College.

Mr. and Mrs. G. A. Duttonhofer have returned to the Village and re-opened the Los Arboles apartments at 784 North Indian avenue for the new season.

She will also sell office furniture.

Mrs. Billington for the last few seasons has managed the Araby stables.

Season Gets Away
to Busy Start At
Popular La Cita

The La Cita, 391 South Palm Canyon drive, opened for the new season last Saturday and the first week's patronage indicates the cafe is in for one of its busiest years, Louis Thomson, proprietor, said.

Many changes are being planned at the La Cita, some are already made, others in progress and more to come.

Mr. Thomson plans to start work soon after November 1 on enlarging the apartments now at the rear of the cafe, extending them up two sides in the form of a U.

Work is under way at present on enclosing the patio in front with glass arches and installation of a sidewalk cafe.

The entire construction will be in Spanish architecture.

Mr. and Mrs. Parker
Going to Florida

Mr. and Mrs. R. G. Parker who last fall sold the La Hacienda apartments which they had owned and operated for 16 years, are planning to leave the Village about the middle of the month for Lakeland, Florida, where they plan to spend the winter.

They will spend next summer in Oregon.

Faculty Puts On Show But Student Reporter Skeptical

BY MORT ALGASE

Woe be it to all new students who had to pick this year to enter Palm Springs high. Never before in the history of the school has the faculty put on a show, and as far as we're concerned, they haven't yet.

Yesterday the impossible, impractical and unbelievable happened. High in the annals of the unprecedented was a hill-billy mouth organ number by Mr. Mack "hill-billy" Thompson. Interspersed during the program was some truly questionable music provided by the all-faculty concert orchestra. A skit in which the entire faculty appeared was out of this world; it should have been out of this school, too!

However, everything was under a mild trend until the quiz portion of the program. Acting as quizmaster was Mr. Paul "Dr. I. Q." Summers who quizzed Mrs. Kathryn "Seltzer-water" Martin and Mr. Henry "How 'bout a hint" Greeley. Both contestants were decked out in rain coats and heavily armed with a bottle of seltzer-water. When one contestant missed a brainteaser, the other calmly and quietly let go a blast of seltzer-water in his direction.

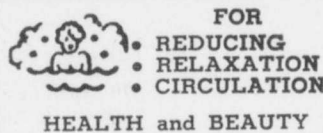

But the real surprise of the day came when Mr. Alexander "motorcycle" Hammond favored us with several selections in his "O-so-mellow" baritone voice.

All in all, no one would dare say he didn't enjoy the show; according to Dr. Oertel.

Football season will open for the Palm Springs Indians today when they tangle with Redlands high in a practice game on the Terriers home field. The Indians will play a practice game on October 6 with San Jacinto and with Blythe November 17, both on our home field.

More than 30 hopefuls, including many fellows from last year's team, turned out the first night of practice, to help such lettermen as Bob Bell, Bob Lienau, Art Jarado, Don Omlin, Frank Devers, Lorrin Rude and Wendell Delano form a strong eleven. Coach Thompson is certain that Palm Springs will have a successful team this year.

STARTS TWO SQUADS

Coach Thompson has divided the whole squad into an "A" and "B" teams. The players and their positions on the two teams are as follows: "A" team; Sorum, RE; Mosely, LE; Benson, L or RE; McKinney, LE; Holderman, RE; Emigh, L or RE. Tackles: Jarado, LT; Delano, RT; Boyd, L or RT; Fern, RT; Klug, LT. Guards: Lienau, RG; Outcault, LG; Barger, LG; Galzerano, RG; Smith, LG. Centers: Omlin and Spore. Left Half: Bell. New Teachers Say First Impressions of P.S.H.S. Good

BY SALLIE LOCKETT

According to the six new faculty members, the students hope that the old adage, "first impressions are lasting impressions," holds true throughout the year.

Miss Vashke Hronis recalls that she first admired the picturesque surroundings, and was particularly impressed with the informality and friendliness of Palm Springs.

A veteran of desert life, Mrs. Moya Henderson said the first thing she noticed was the good time everyone has in going to school.

RIGHT AT HOME

Feeling right at home from the first, Alexander Hammond said he could go on using superlatives indefinitely about the ideal small classes, and friendly students.

Miss Velma Kowallis was especially amazed to find the girls in play shorts about the campus and only wished that the Los Angeles students could just see them.

LIKES DESERT

The blue and green trim on the buildings, with the desert as an ever-changing backdrop, pleased Miss Bernice Lamb.

"I particularly like the Spanish style architecture, the oleanders, the desert view, and above all, the prevailing air of informality and friendliness," concluded Mack Thompson.

YOU, The Student Voter

Our country, today, is engaged in a struggle for the defense of democracy. One of the privileges our servicemen are fighting for is to protect the right of the people to vote.

America's future is dependent upon YOU, the high school student of today. You are given the privilege and the responsibility of voting for your school officers. If you do not consider carefully the capabilities of the candidates, you are defeating the purpose for which Americans on the battle front are fighting.

By being allowed to elect your school leaders, you are being trained for a much more serious duty, choosing the champions of democracy.

On your shoulders rest the future of the United States. Do not endanger the great horizons that lay ahead. Select your candidates carefully. If you do your share now, the future of our country will not falter for the lack of stable citizens worthy of the right to vote.

—JUDITH ELEN MINOR

GAZZOZIT

(By MARGE)

No school paper is complete without the social column, and believe me the students at P. S. H. S. never let the Gazzozit reporter down.

Not to be out done by the high school hep-cats in the motion picture "Janie", the kids started the social whirl out with a "bwang" of a blanket party. The details: J. B. Emigh appears to be all "wrapped" up in Diana Robb.

Bob Bell and Benny Bashman spent an enjoyable evening talking over old times.

Those two tall blondes, Warner Moore and Barbara Emigh were at the party enjoying themselves. Boots Miller came stag. What gives?

What appeared at first sight to be Man Mountain Dean going over the hill was only Dart trudging along with boxes of goodies. By the way, Who swiped the olives?

Ray Ronzales and Lila Lee were off by themselves. Bwang. Check this. Dick Moseley and Bonnie Sue making wedding plans. At their age.

Cecil Morris and Babs Neel spent the weekend at Idyllwild. Why doesn't some one ask Hann and Fern what happened to their dates?

Noticed several of the local "innates" sitting in the lobby of the Palm Springs Theatre. What is the matter, don't you like Frankie's warbling?

Bob Hann, his hot-rod convertible and strawberry blonde make quite a dashing figure flying through town. We have a speed limit Bob. Remember?

They tell me Bernita A. is coming back to slave under the Maroon and White.

Ask Donnie Omlin what he looks like shouldering a pitch fork.

Whitey Sullivan is in town on leave. He will return to Pearl Harbor shortly. His brother is already stationed there.

Jimmy Mara is back in school this year.

If you have missed anyone around school it is no doubt Bob Hoover. He is going to Webb's School for Boys.

Maybe Smitty and Norma were more serious than some of us believed. They got themselves engaged this summer.

Edie Dunnigan came back to school as Mrs. Edie Greer. Artie Lee Murphy is back in school. We are glad to have you back Artie.

Monday morning was just like walking into a new school. There are so many new faces that it is hard to find a familiar one.

Our service flag continues to grow as the names of Don Whitehead, Colin Bragg, "Zeke" Gallagher, John Hobson, Joe Sandeffer, Jerry Tracy, Stanley Craig, all Navy, are added.

By the way did you know that Mr. Hammond, faculty member, sings in the movie "Going My Way"? We will watch for you Mr. Hammond.

Several of the old students came back to visit the old Alma Mater. Among them were Martha McCann, Barbara Knowles, Art Bushnell and Bob Morrison. We also noticed Donna Prouty was around.

Mary Ann and Harvey Gorcester worked at Yosemite this summer.

Smitty, Bob Lienau, Warner Moore and John Outcault worked at Lake Arrowhead as usual. What will a certain girl do if

Student Body to Elect Officials For Year Oct. 4

Climaxing a week of vigorous campaigning, the student body election will be held next Wednesday morning, before school and at noon, in the high school auditorium.

With Bob Lienau acting as the only presidential seeker, the student body will elect six new officers who will hold their positions throughout the year.

PROMINENT IN SCHOOL

Candidate Lienau has taken part in many school activities and is a two-year letterman in football.

Vice-president contestants are Arthur Jones, Bob Dart, and Sallie Lockett. Arthur was Commissioner of Publicity last year while Bob was president of the Junior class. Sallie held the position of G. A. A. president.

Running for Girls' Commissioner of Publicity is Carol Burkett, while John Klug and Bob Hann are opponents for Boys' Commissioner of Publicity.

OTHER CANDIDATES

Other candidates are: Commissioner of Finance, Petronilla Mustacio and Edith Greer; Commissioner of Athletics, Maurice Smith, John Outcault and Bob Bell.

All petitions were submitted to Mrs. Greeley, Faculty advisor, by last Wednesday noon and each petition required the signatures of twenty percent of the student body.

The nominations were made and accepted in the assembly last Thursday morning.

May We Introduce

BY SALLY AND BOB

GIRL OF THE WEEK—

We wish to test how observant you students are, so here is the first girl of the year. She's a new-comer from Los Angeles. She can be seen most frequently with Dorris Sparks and Don Omlin.

She was born in St. Paul, Minn. in 1927, which makes her around seventeen. She weighs 105 pounds and is five foot-two in height. She has blonde (?) hair and beautiful blue eyes.

Among her many favorites she goes for all foods, Walter Pidgeon, Tommy Dorsey and Harry James. "I'll Walk Alone" is her favorite popular song. Her favorite colors are blue, purple and yellow. When asked about her favorite pastime, she laughed and said "necking" but I don't think she meant it.

As far as her love life is concerned, she says she loves them all. All right, have you guessed it? If not, we proudly present Patty (no middle name) Manley.

BOY OF THE WEEK—

Starting out with a bang this year, we have a mighty senior with that dashing combination of wavy blond hair and brown eyes. He was born in Arizona, on August 14, 1927. His future plans include giving custody of his 5 feet, 9 inches and 135 pounds to the Navy.

Running the gauntlet of "favorites", he says his favorite sport is football; color, white; foods, vegetables; orchestra, Bob Crosby; movie stars, Donna Reed and John Wayne; and the record that really sends him is Betty Hutton's "My Rocking Horse Ran Away."

As to a love-life, the only information I could extract, and that was like pulling teeth, is that "she" is a junior with brown hair and eyes and takes book-keeping.

You may have recognized his face, because he was a Freshman here for one semester; but, if his name escapes you, may we introduce Wayne G. (for Glen) Jones.

a certain boy sells his convertible?

The thought of the week is: Don't forget to vote in the forthcoming student body election.

This week's Sun Siren is a true Villager . . . here for the past four years and most of you know her . . . Mrs. O. B. McRory, wife of the city health officer . . . the former Florence Silver, whose photography work is well known here . . . **New Officers' Club At Air Base Will
Stage Formal Opening Tomorrow With
Buffet-Supper And Dance On Terrace**

Saturday night will mark the formal opening of the new Officers' Club at the 21st Ferrying Group at the local air base. The new building has been constructed to take the place of the one destroyed by fire last December. A buffet-supper with dancing on the terrace will highlight the occasion.

The new club building, which is virtually the home of the officers stationed and living at the local air base, overlooks the swimming pool with an outdoor terrace for dining and card games and contains a game room, cocktail and entrance lounge, combination reading and writing room, an outdoor snack bar and another, outdoors, for bathers.

SPECIAL INVITATIONS

Lieutenant Colonel Frederick H. Foerster, Jr., commanding officer of the 21st Ferrying Group has extended special invitations to the opening to Brigadier General Bob E. Nowland, Commanding General of the Ferrying Division, Air Transport Command, and to Brigadier General William H. Turner, former Commanding General of the Ferrying Division but now serving overseas with the Air Transport Command.

Invitations have also been issued to Colonel Richard D. Morgan, commanding officer of the Ferrying Division's Western Sector; to Colonel Harry B. Johan-

sen, commanding officer of the Sixth Ferrying Group in Long Beach; to Lt. Col. Albert E. Higgins, former commanding officer of the 21st Ferrying Group here and now serving in the same capacity with the Fifth Ferrying Group in Dallas, Texas, and to commanding officers of all other Ferrying Division Groups. An invitation has also been extended to Mayor Eugene E. Therieau who will represent the City of Palm Springs.

THOSE RESPONSIBLE

It has been largely through the work and efforts of the various commanding officers of the post; Lt. Col. John W. Sponsler, president of the board of governors of the officers' club and mess; Maj. Lee W. Bering, secretary and treasurer and club and mess officer, and the entire board of governors that the new club has been completed. Other members of the board of governors include Maj. John K. The first child health conference of the new season was held at the Health Center, East Amado road, with the largest throngs in the Center's history present.

Gene Tunney, you could have gotten juicy odds with a Tunney bet, but champs don't last forever. Especially when they stick out their chins out as one did last Saturday night . . . Best cartoon I've seen for some time was in The Times last Monday. "When a Falla Needs a Friend." . . . That speech may have meant the start of a Dewey Day . . . Especially that condescending touch of humor about a dog—when the casualty lists from Europe and the Pacific are mounting every day.

IN CONCLUSION—A Villager—name omitted for political reasons—says that when FDR goes fishing, he doesn't need a hook and line. He just says: "My Friends", and a thousand suckers jump aboard. All right, don't get mad. I told a yarn against the republicans last week. Remember?

**Chet Summers to
Go Back On Stage
With Bag of Tricks**

Chet Summers, well known local photographer and known to the theatrical profession as Baron Chico, the Magician, is planning to return to the latter career and has been brushing up on his tricks although he has kept himself in practice ever since his retirement from the stage in 1939.

Summers saw his first magic in 1918. It was Alexander the Great and he became so enthused he decided to be a magician himself. The noted Alexander helped him and encouraged him and in 1932 he started out on his career, working at clubs, theaters, schools and so on for seven years. He was at Torney General Hospital for almost 10 months and was responsible for about 50 shows while there.

His present plans call for private shows and evening shows here for a while and next year he plans to tour Mexico and South America. He will go to Europe with the USO's postwar shows there.

The first Victory Suggestion Award, the highest honor to be given a civilian employee of the war department for practical suggestions to speed the winning of the war, was presented to Dayton R. Ludwig of the Office of the Chief of Transportation army service forces for devising a new and improved method of loading army ordnance material on railroad flat cars.
